EOSC EU Node
at a glance

The EOSC EU Node is
a **collaborative environment**
built on **FAIR** principles,
promoting transparency
and accessibility
with **Open Science** at its core,
supporting **multi-disciplinary**
and **multi-national** research,
and offering integrated **storage**
and **computing capabilities**
to meet all data needs.

European
Commission

EOSC EU Node
### Your Gateway to Open Science

**A one–stop shop
to discover, use, build and share
your data-driven and open research.**

Offered by the European Commission

Unlock the power of EOSC EU Node

Discover and Use
Access millions of scientific publications, data, and software.

Find and Access
Tap into services and tools from top research infrastructures, tech providers, and scientific clusters.

Utilise Resources
Enjoy free compute, storage, and interactive collaboration tools.

Collaborate Easily
Create teams and practice Open Science effortlessly.

Access Seamlessly
Connect effortlessly with your institutional credentials.

Data Management

File Sync & Share
Enable automatic file syncing and secure sharing across locations and teams.

Interactive Notebooks
Create and share documents with real-time code execution.

Large File Transfer
Streamline large file transfers online with added security and integrity.

Cloud Computing

Virtual Machines
Design and conduct experiments with flexibility while ensuring reproducibility.

Cloud Container Platform
Deploy cloud-native containerised applications that can easily scale.

Bulk Data Transfer
Move data effortlessly to data-intensive execution environments.
